

ROOT SAYS HE DOES NOT BELIEVE HE HAS DONE COX INJUSTICE

**Says Mr. Cox Began Campaign
By Saying He Was In Com-
plete Accord With President
Wilson--Has Not Heard Of
Any Change.**

NEW YORK, Oct. 21.—Elihu Root tonight made public the following telegram to Governor Cox replying to his request to "correct" an alleged "false" statement in Mr. Root's New York address Tuesday regarding the governor's position upon the league of nations:

"I have today received your telegram dated yesterday. I would not willingly do you injustice, and I do not think I have. You began your campaign by an interview with the president and an authoritative statement that you and he were in complete accord upon the league of nations.

"I cannot be mistaken about no obligation to preserve the his position. Throughout the long territorial integrity or political struggle in the senate he steadily refused to give his assent to any reservation which substantially changed the covenant as he brought it back. He certainly has not changed. His very recent utterances show that.

"If you have changed from that complete accord with him, I have not heard of it. Such a change is not indicated by the vague and general expressions of your telegram saying that you will accept reservations that 'will clarify, that will be helpful, that will reassure the American people, that you would sit down with the members of the senate, that you would confer with Mr. Wilson, Mr. Taft and myself, and all others who have a sincere purpose, etc., because you are the one who would determine what was helpful, what would reassure the American people, what advice you would follow and you are solemnly pledged to an agreement with Mr. Wilson concerning the covenant he brought back from Europe.

Stand On Article X.
"There is one statement of your telegram that does give a definite idea of where you stand upon what Mr. Wilson declares to be the heart of the league—the general alliance of article 17 which the United States would undertake to guarantee as against external aggression the territory and independence of every member of the league and to make that guarantee good by war if necessary. You say in your telegram that you will accept reservations that 'will clearly state to our associates in the league that there are limits to the guarantee and that our constitution sets up limits in legislation or treaty making beyond which we cannot go.

"That it seems, is what you are willing to do about Article 10. Well it is absolutely nothing. Everybody knows already that only congress has a right to declare war, and that there are limits to legislation and treaty making power. All governments of all civilized nations know it. You accomplish nothing by telling them of it again. The trouble about giving the guarantee provided in Article 10 is that the making of a treaty containing it is a solemn assurance to all the nations that is within the treaty making power and that the promise to make war binds congress as fully as it binds all other members of our government to maintain the pledged faith of the United States. In all governments the power to declare war rests somewhere, and an agreement to make war is an agreement that that power shall be exercised by the officers in whom it rests. A refusal by congress to pass the necessary resolution would simply be a breach of the treaty.

Would Bind Congress.
"An analogous case is the power of congress to appropriate money. There is no other power in our government to do that; but, if the United States makes a treaty agreeing to pay a million dollars to another country would anyone say that the obligation could be cancelled by a refusal of congress to appropriate the money. Certainly not, the only effect would be that the United States would have broken faith, the real question is whether we shall enter into a guarantee under which the faith of treaties will require congress to pass a resolution declaring war. That is what your telegram makes it clear you propose.

"On the same day when you sent the telegram according to the press reports in a meeting at Providence some in the audience asked you, 'would you accept the Lodge reservations to the league of nations?' There was your opportunity. Among those reservations was one which said:

"The United States assumes

CHINESE MINISTER BIDS FAREWELL TO AMERICAN PEOPLE

**Appointed Minister to
England to Succeed
Mr. Sze**

**ISSUES MESSAGE TO
AFRICAN PUBLIC**

WASHINGTON, Oct. 21.—(By The Associated Press.)—Dr. Kiyun Wellington Koo, who for nearly five years has been the Chinese minister at Washington, bade farewell today to the American people. He will depart from New York Saturday for France.

Dr. Koo has been appointed Chinese minister at London succeeding Mr. Sze, who has been transferred to Washington.

On his arrival in France, Dr. Koo will go to Geneva to join the Chinese delegation at the meeting of the assembly of the league of nations on November 15.

Before leaving Washington, Dr. Koo issued the following message to the American people:

"As I am leaving my post in Washington, I cannot but cherish the sincere belief and hope that the traditional understanding which has existed so long between America and my country will continue.

China Faces New Problems.
"Today China, like other countries, is in heavy stress following the great tempest of the world war. We are struggling to understand and face the new issues and to hold ourselves united against those who would undermine us in this period of great confusion and estrangement from our friends.

"We are not adept in the use of propaganda. On the contrary we have been and are today the greatest sufferers from this subtle agent which takes advantage of the friction and the ebb and flow in domestic politics for the purpose of advertisement and so exaggerates and distorts the facts as to lead the world to believe that we are without stability and that chaos and confusion are the existing order in China.

"These are not the facts but in the face of this mischievous and persistent propaganda it is difficult for China without resorting to similar methods to present her case and hold the faith of the world. This war has shown, however, that in the last analysis nations will align themselves according to their inherent character."

**WOMEN DECLARE
FOR LEN SMALL**

**Leaders in Southwestern Counties
Strong in Allegiance to G. O. P.
Candidate for Governor.**

Danville, Ill., Oct. 21.—On Board the Republican Candidates' Special.

This might have been called "Ladies' Day" in the candidates' special. Leading Republican women of southwestern Illinois were guests of the train all day and they gave definite assurances that women voters in the territory thru which the train passed today will vote a straight ticket November 2.

"I am not at all alarmed," said Mrs. Olive M. Williams of Salem, county chairman of the women's organization of Marion county, "by reports that women who did not support Mr. Small in the primary will scratch their ballots in the election. This will not be the case in southern Illinois, I am sure, and I do not believe it will be the case elsewhere.

"The women are satisfied with Mr. Small's pledges of an honest, economical, efficient and humane administration. They know his public and private record and his reputation for always keeping his word and they believe him when he says that he has no secret promises or arrangements with any man or group of men.

"I was not for Mr. Small in the primary contest, but my opposition was not on personal grounds. This was the case with other women in the group of the party to which I belong. We bow to majority rule and you will find the women voting just as regularly as the men."

Among the other prominent women who boarded the train at points along the route and rode with the candidates were Mrs. George Jolly McMahon of Olney, Mrs. John Reeve of Jacksonville, Mrs. Nellie Springs Searing of Carbondale. All of them district chairmen of the state Republican women's organizations.

COMMUNITY MASQUERADE

Manchester, Oct. 21.—A community masquerade will be given by the grade schools on Oct. 28. Prizes will be given for the best costume and fines assessed against all who attend unmasked.

There will be witches, ghosts, bats and black cats galore, and a good time for everyone is promised.

The committee on arrangements includes Miss Georgia Chapman, grammar room; Miss Grace Jennings and Miss Adele Kepler, primary room.

PUT OUR OWN HOUSE IN ORDER IS FIRST DUTY OF THE NATION

**Sen. Harding Makes
Statement in
Buffalo**

**LONG AGO REJECTED
WILSON LEAGUE**

BUFFALO, N. Y., Oct. 21.—Charging that the Democratic party had attempted to "blind" the voter to domestic issues by devoting its campaign energies to an already rejected foreign program, Senator Harding told a crowd of several thousand here tonight that the first real duty of the nation in discharging its obligations to the world was to "put its own house in order."

In a world readjusting itself after the trials of war, said the Republican nominee, the United States could best lend its aid to distressed foreign nations by setting an example of steadfast Democracy and equal opportunity.

Tersely he reviewed the program for domestic rehabilitation presented by him in his many campaign speeches and declared the progressive thought of the country should turn to such a program rather than concern itself longer with the Versailles league covenant.

The auditorium peech here tonight was the last of the campaign on Senator Harding's speaking schedule outside his home state. Leaving late tonight, his special train will reach Marion tomorrow morning.

He and Cox Accord.
In his remarks upon the league of nations, the nominee said there was no difference between him and Governor Cox "in our realization that the American people desire to enter into some kind of an association of nations which will prevent war and interweave all peoples with the bonds of peaceful cooperation.

"But there are two marked differences between us," he continued. "The first of these is to be found in the fact that my opponent is insisting upon the adoption of the unchanged Paris league of nations. The Republican position is the exact opposite of that position.

The American people as well as the senate of the United States long ago rejected the president's plan which my opponent is now trying to keep alive. Even if my opponent were elected he would be unable to put his program into effect and America would have to wait, for many years, perhaps before she could be united upon any policy.

"I consider it much more constructive to refrain from dictation of any flexible policy to show a willingness to consult America, to harmonize America, to consult the best opinion of America, the senate of the United States and the will of the people. I do not find any inspiration in carrying on this campaign, so as to maintain a hopeless division of opinion.

**MRS. SARAH COCKING
DIES THIS MORNING**

**Well-Known Resident Dies After
Brief Illness—Had Resided
Here for 42 Years.**

Mrs. Sarah J. Cocking died at Passavant hospital at 1:50 o'clock this (Friday) morning. She had been ill but a few days and death resulted from an attack of pneumonia.

Deceased was the daughter of Thomas and Lucy Jane Reynolds and was born in Pike county 74 years ago. She had been a resident of this city 42 years.

Mrs. Cocking was a member of Grace church and was always active in the various phases of church work. Early in life she became interested in the work of the Woman's Christian Temperance Union.

Thru the long years of her life she was an earnest worker in that cause and kept the organization alive in this city and county in the face of great difficulties. She had the satisfaction before her death of seeing her labors rewarded by national prohibition.

She is survived by one son, William Cocking of this city. Her husband preceded her in death eighteen years ago.

The remains were taken to the Gilman funeral home and prepared for burial. Arrangements for the funeral and a more extended obituary will be given later.

**WILL OPEN MUSIC
STORE SOON**

Mr. Van Fossen, representing the Van Fossen Music Co., was in the city last night making further arrangements for the opening of the Van Fossen store in the Kintner building on West State street. The remodeling work has progressed rapidly and the store will be open for business at no distant date.

**CONGRESSMAN MONDELL
CANCELLED ENGAGEMENTS**

Sheridan, Wyo., Oct. 21.—Congressman Frank W. Mondell, Republican floor leader, has cancelled all speaking engagements for the remainder of the campaign because of a broken ankle he sustained two days ago.

GIVE BLANKET ENDORSEMENT OF FEDERAL RESERVE

**Bankers Take Such Action
At Their Closing
Session**

**ALSO DISCUSS
PAR CLEARANCE**

WASHINGTON, Oct. 21.—Blanket endorsement of the federal reserve system coupled with a pledge to aid the national railway equipment corporation, organized to help the carriers obtain equipment, marked the conclusion today of group meetings of the American Bankers' Association convention.

As an outgrowth of the convention, however, bankers and others on common states took steps preliminary to the organization of a \$12,000,000 crop export financing corporation to meet the situation which led to numerous appeals from cotton growers for government relief.

The federal reserve system was given unstinted praise by the national bankers group in resolutions adopted at their final meeting while the approval of the equipment corporation and the pledges to go before the state legislatures were necessary to obtain revision of laws prohibiting investment of trust funds in such securities was voted by the savings banks section.

The question of par clearance with which the state bankers dealt in was discussed at length.

**FEDERAL GRAND
JURY INDICTS
ARMOUR COMPANY**

**Allege Profiteering in Violation of
Act**

**ACTION FOLLOWS
SECRET INVESTIGATION**

NEW YORK, Oct. 21.—The federal grand jury today as the result of a secret investigation conducted by an assistant of the attorney general's office, returned an indictment against Armour & Co., Chicago packers, and against the officers of the company individually, charging them with profiteering in violation of the lever act.

The company officers indicted include: J. Ogden Armour, president; S. Elson White, vice-president; Herbert A. Phillips, manager of the dressed sheep department in Chicago; Arthur H. VanPelt, district superintendent in New York. Indictments also were returned against Charles A. Neir, an assistant in the office of vice president White and William A. Netsch, another employee in this city.

The indictment contains 137 counts, each of which describes a sale of a New Zealand lamb at an alleged unlawful and unreasonable rate during April, May and June.

The meat, it is charged, cost Armour & Co. \$18.46 per 100 pounds; that the lowest it was sold for was \$23 and the highest \$35. All the sales were made to customers in Manhattan and the Bronx.

The investigation on which the indictments was based covered eight weeks, during which period it was found, according to the indictment, that the average selling price of the entire shipment of New Zealand lamb disposed of by Armour & Co. was \$25.17 per 100 pounds and the average net profit to the company was \$6.61.

**WIFE'S RELATIVES
OFFER TESTIMONY**

Say They Believe Wandrer is Sane—Coroner Denies Secured Confession by Force.

CHICAGO, Oct. 21.—Relatives of Mrs. Ruth Wandrer, slain wife of Carl Wandrer who is now on trial charged with her death and that of a ragged stranger testified today that it was their belief that the defendant was sane.

Wandrer again was on the stand today and he continued to deny that he had killed his wife. Called as a rebuttal witness by the state coroner, Peter M. Hoffman, denied that he had struck Wandrer in obtaining a confession.

Wandrer in his testimony repudiated the confession declaring it was obtained by force.

The case is expected to go to the jury on Saturday.

**ROCKFORD CHOSEN
FOR 1921 CONVENTION**

Kewanee, Ill., Oct. 21.—The Illinois Baptist convention in 1921 will be held in Rockford, according to decision made at the annual meeting here today. A resolution passed declared that it was a woman's duty to vote for the candidate favoring the eighteenth amendment. The report of the treasurer showed that the organization was in a better condition than at any other time in its history. Dr. George M. Potter of Alton was unanimously chosen chairman of next year's convention.

**I. C. STUDENTS
NOW HAVE A BAND**

Illinois college students now have a band and are rapidly getting into shape to furnish some good music. The band numbers about 15 and the players having had previous experience. The band was organized for the purpose of furnishing "pep" for the football games of the season and it is also the aim of the boys to gain recognition from the college authorities.

SENATOR REED GIVES ACCOUNT OF STEWARDSHIP

**Fears Wilson's Influence if Cox is
Elected**

**WILL HELP THOMPSON
IN WISCONSIN**

KANSAS CITY, Mo., Oct. 21.—United States Senator James A. Reed of Missouri, in a personally conducted meeting tonight for the purpose, he said, of giving an accounting of his stewardship, declared that so long as the voters "elect a senate that believe in nationalism as against internationalism, their interests will be safe.

"No treaty can ever have the breath of life breathed into it except in the United States senate," he continued. "The Democratic candidate for president is for the present league of nations with reservations, but nobody knows what they are; if he is elected I fear the influence of Woodrow Wilson.

"The Republican candidate for president is for an association of nations but asserts he does not know what it will be; if he is elected I shudder at the influence of Elihu Root and the international bankers.

"Obviously America's interests demand the election of a senate that will spurn every form of internationalism. We have already added to the Democratic list of irreconcilables Thomas E. Watson of Georgia. Senator Thomas of Colorado, has been drafted by the lovers of America to enter the field as an independent Democrat and as an irreconcilable foe of the league.

Will Help the Republican.
"So important do I regard the election of a senate hostile to the infamous doctrine of internationalism that I am hurrying to the close of this address that I may go to Wisconsin where the contest is between Senator Lenroot, one of the mildest of the mild reservationists, and a Democrat who endorses the league almost without change. Unless a third candidate is elected, Lenroot will be returned. Under these circumstances I deem it my duty to give all the aid I can to the independent Republican, Thompson, who is running for the senate upon an American platform and who declares he is opposed to any kind of alliance league or association with Europe.

"If the time ever comes when congress takes orders from the president he will be the sole ruler of the land. I decline to assist in reducing the United States senate to the level of the German Reichstag. The man who demands that congress shall obey the executive, conscientiously or unconscientiously, stands for despotism and this none the less, whether the despot be saint or sinner, benevolent or cruel, wise or foolish, Democratic or Republican."

**BANDIT IS KILLED
IN ATTEMPT TO
ROB BEDFORD BANK**

**Bandits and Citizens
Stage Spectacular
Pistol Battle**

**BANK CLERK PROBABLY
FATALLY INJURED**

Cleveland, Oct. 21.—George "Jiggs" Lostenier is under arrest at a local hospital shot through the neck, as the result of a pistol battle at Bedford, 16 miles from here late today, which resulted in the death of one bandit, the serious wounding and capture of two others and the probable fatal shooting of a bank clerk.

The battle was the culmination of one of the most spectacular bank robberies ever staged in this state during which eight bandits held up the Bedford branch of the Cleveland Trust Company. The dead man was identified by Bedford experts as Albert Joyce, alias Johnson, William Petrie, a bank clerk, was the victim of a shot gun in the hands of a citizen. He is said to be dying.

The robbery occurred just as the bank was closing. Six of the gang entered with drawn revolvers and commanded the five employees and three customers to the rear of the building. The employees were forced to lie on their faces and the customers were placed under guard in a room.

Sizing up the money in sight, said to amount to \$50,000, the bandits rushed into the street. Almost simultaneously George C. Flickinger, manager of the branch touched the burglar alarm which sounded in every downtown business house of Bedford.

E. W. Porter, a tire dealer, one of those attracted, fatally shot Joyce, who was at the wheel of the waiting automobile. Unable to start the engine, the other bandits fled, leaving the money intact in the machine. During the ensuing battle, Lostenier, Harry Stone and an unidentified man were wounded. Lostenier is said to be under indictment in many states on charges of murder and robbery.

**FIRE THREATENED
JOURNAL BUILDING**

The Journal office had a narrow escape from fire damage late today at 11:30 o'clock last night. A pile of waste paper back of the press caught fire and the flames leaped up almost instantly as high as the ceiling. W. H. DeSara, from his seat at the telegraph instrument saw the flames and did immediate and effective work with a Babcock fire extinguisher. The fire department made a prompt response to a call but the services of the firemen were not required.

**WESTMINSTER
BIRTHDAY PARTY**

The birthday party of the women of Westminster church was held Thursday afternoon at the home of Mrs. W. C. Bradish on West State street. The women whose birthdays occurred in a period of four months were the hostesses, so that thirty-six extended welcome to the large company present. The hospitality of the Bradish home was enjoyed by everyone.

MR. SHAW VISITOR HERE

Guy L. Shaw of Beardstown, Republican candidate for congress in this district, came to Jacksonville yesterday for a few hours. He left in the afternoon for Greene county, the home of Congressman Rainey. As already indicated, Mr. Shaw expects to spend a number of days before election in this county.

BRITISH CABINET DISCUSSES THREAT OF RAIL WORKERS

**Grave Situation Confronting Government in
Threat of Railway and Transport Workers
to Force Negotiations With Miners—
Said That Government Cannot Recede**

LONDON, Oct. 21.—(By The Associated Press.)—The cabinet discussed tonight the grave situation arising out of the threat of the railway and transport workers to force the government to negotiate with the miners. Whether any decision was reached was not disclosed up to 10:30 o'clock.

Two grave questions are exercising the political and industrial world: The first, to what extent the labor leaders are losing control of the workers; second, whether a political crisis an dan appeal to the country will develop out of the miners' dispute.

It is stated that James Henry Thomas, general secretary of the National Union of Railwaymen has exerted the greatest efforts to get the action taken by the railwaymen postponed for a few days, but that his influence was overborne.

Premier Lloyd George was in formal conversation with some of the labor leaders today but little hope seems to be entertained that the government will recede from its position insisting upon an increased output or submission of the dispute to an independent tribunal as a condition for an increase in wages.

Government Will Not Recede
Even had the government been inclined to recede from this position it is felt it could hardly do so now in the face of the railway men's threat. Undoubtedly the solidarity of the workers, as shown by the action of the railway and transport workers, comes somewhat as a surprise to the public because the miners' strike is unpopular with almost the entire community.

The seeming inconsistency is explained by some of the labor leaders as due to the universal belief among the workers that the government under pressure of big business interests has decided that a halt must be called to the continual increase in wages.

Robert Smilie, the miners' leader speaking in Glasgow tonight, accused the government of desiring to remove the hindrances to cheaper and greater production which were found in the present powers of the trade unions. He promised that if increased wages were granted the miners would co-operate with the owners and increase the output by twenty million tons in four or five months.

**PRESIDENT NAMES
FIVE MEMBERS OF
SHIPPING BOARD**

**Admiral Benson is Re-appointed Chair-
man**

**ONLY ONE REPUBLICAN
NAMED IN FIVE**

WASHINGTON, Oct. 21.—(By The Associated Press.)—Five of the seven members of the new shipping board created by the merchant marine act were appointed today by President Wilson.

Admiral William S. Benson, chief of naval operations during the war, was re-appointed chairman. The other four members named were: Frederick L. Thompson, a newspaper publisher of Mobile, Alabama; Galvin McNab, an attorney of San Francisco; Martin J. Gillen, an attorney of Wisconsin; and Theodore Marburg, a publicist of Baltimore.

Only one of the five members named today is a Republican, Mr. Marburg, and since the law specifies that only four of the members may be named from any one political party the remaining two appointees must be Republicans.

The members of the new board are to receive salaries of \$12,000 a year and under the law they must divest themselves of all shipping interests and devote all of their time to their work as shipping commissioners.

The parent-teacher organization in one Springfield ward is doing a practical and beneficial work in serving milk each day to the children of certain primary grades. Investigation has shown that a great many of the school children are under-nourished and that their progress is materially affected by that fact. The plan the association has adopted will doubtless bring about a decided improvement in the work of many of the children, increasing their study efficiency as their physical health is bettered.

It's the same old story in the trial of Carl Wanderer, the Chicago ex-serviceman who some months ago made a confession of the ruthless murder of his wife and a ragged stranger whom he said he engaged to aid him in a framed-up robbery. Now Wanderer, who is on trial, repudiates the confession, denies his guilt and says that the confession was wrung from him by third degree methods.

It may not be true in this case, but it usually happens that the statements made shortly after the commission of a crime are the result of remorse rather than third degree treatment and relate the real crime facts.

Now Governor Cox is demanding a retraction from Ellihu Root, declaring that Mr. Root has misquoted him in saying that the Democratic candidate subscribes fully to President Wilson's idea about the league and wants no changes. The candidate has a good deal of courage to enter a controversy with Mr. Root on any matters relating to the league. However, it is interesting to note the Cox statement that he does not stand for the Wilson position on the league and to compare that statement with one made early in the campaign.

At that time, following a conference between the president and the candidate, it was widely heralded that they were in "perfect accord" on the league program.

Anyone who studies the record of Len Small as a citizen and business man can find much in it to approve. Mr. Small has long been prominent in the business and public life of his home county. He has the good will and esteem of his fellow-townsmen, presumably those who know him best. The conduct of his own business affairs gives proof of his business judgment. Along with that ability there is the reputation for honesty and for faithfulness to his friends. These characteristics go a long way in qualifying a man for filling a public office.

HIRAM SAYS TO VOTE IT STRAIGHT

Senator Hiram Johnson, who did as much as any other one man to prevent ratification of the Wilson League of Nations by the United States Senate, believes, like all good Republicans, that this is a year when the straight Republican ticket should be voted. And he doesn't believe in a hang-over from a primary contest into the campaign for the election.

The distinguished Californian spoke to a tremendous audience at Chicago last Saturday night, and while of course he did not presume to discuss local politics in detail, each person of the thousands present knew exactly what he meant when he said:

"Out in my state when two-fisted Americans stand up and fight it out in a primary they abide by the result of that primary. That should be done all over this country. When American citizens go into a primary they should abide by the result of the primary in which they have participated as men and women. No other action is justifiable."

Illinois Republicans are showing a growing tendency to follow Senator Johnson's advice.

RAILROADS SHOW EFFICIENCY

"While the advocates of government operation are finding fault with the management of the railways under private operation, the railways are going ahead," says the Railway Age, "making records of increased efficiency that are vindicating the wisdom of the public in having them returned to private operation."

"Statistics already made public regarding the number of carloads of freight moved in August have shown that in that month more freight was handled than in any previous August in history. Statistics more recently compiled by the Interstate Commerce Commission disclose the fact, which even those in close touch with traffic conditions did not know, that even in July, when the effects of the switchmen's strike were still felt, the railways handled more business than in July of any preceding year. The number of cars moved on the railways in July, 1918, the record up to this time.

"One of the important reasons for the increase in the traffic handled which the statistics of the Commission disclose, is that the average number of tons loaded per car in July showed a large increase, being 29.6 tons, as compared with 27.8 tons in July, 1919.

"The Commission's statistics also disclose the fact that in spite of the 'outlaw' railroad strikes the total amount of freight handled in the first seven months of 1920 was greater than in the same period of any preceding year, being 249,000,000 tons carried one mile, as compared with 247,500,000 tons in 1918 and 213,000,000 tons in 1919.

"One of the most important results the railways have obtained is the practical elimination of all congestions in their terminals. When they were returned to private operation on March 1, the number of loaded cars accumulated in the terminals awaiting movement was almost 100,000. In the week ending October 8 this had been reduced to 41,135, of which nearly 18,000 were being held at the ports for ships in the trans-oceanic and coastwise service. The accumulations of cars are now so small that it may be said without exaggeration that congestions have ceased to exist."

ILLINOIS PLAYS MICHIGAN NEXT

Team Come Thru Iowa in Good Shape—Look for Hard Game With Wolverines.

Champaign, Ill., Oct. 21.—Zupke's Indians came thru the Iowa game in good shape and have started drilling for the Michigan game, which is to be played Saturday at Ann Arbor. The manner in which the green University of Illinois line performed against the veteran Hawkeye wall was very encouraging. They not only stopped the plunges of Devine and Locke, the Iowa stars, but tore open great holes, thru which the Indian backs had little trouble marching. The work of McCann who went in to replace Olander at tackle, of Helstrom at end, and of Ems at right tackle was very creditable.

Zupke gave his charges a long talk yesterday afternoon pointing out the mistakes the different players made. Although winning with ease the team lacks the smoothness of execution that marked last year's championship team. The aerial attack of the Indians was easily broken up by the veteran Iowa backs, so the Indians will doubtless get much drill on this point.

Scouts seeing the Michigan game last Saturday report that Michigan has a very good team, and one that has been drilled to win this game since the first of the year. They have an abundance of material there, and Yost has his machine working in mid-season form. "Smother the Suckers" is their adopted slogan, and it is one that will be heard until the final whistle blows.

THE SPEED FIENDS.

In vain I stand protesting to speed fiends as they pass; they seem to think I'm jesting, and give their boats more gas. The coroner is busy, he's checking up the dead, run own by truck or lizzie or auto painted red. The coroner is weary, he toils by day, and night; his task is sad and dreary, and there's no end in sight. The village cops are chasing the fiends o'er hill and dale, and after bitter racing they put a few in jail. And then they're fined so lightly they think it all a joke, and leave the courtroom, and make their autos smoke. Through highways, residential, through traffic's busy marts, with ardor pestilential they run their deadly carts. They wing the fleeing baker, they maim the frightened clerk, and now the undertaker gets in his grewsome work. The doctor's nerves are busted, so many victims yelp, the coroner's disgusted and, and wildly calls for help. And still the crazy motors go rushing thru the town, and slay the adult voters, and now the children down. And when I stand protesting the speed fiends scorn my rhyme; and jauntily go questioning for some one they can climb.

BIG BROTHER BANQUET AT GRACE CHURCH

Boys Entertained by Men of the Church in Interest of Boy Scout Movement—Interesting Program Given.

The "Big Brother" banquet at Grace M. E. church last night was planned especially in the interest of the Boy Scout movement and the men of the church were hosts to a large number of boys. The banquet was served by the Marys and Marthas Sunday school class of the church and a fine menu was provided.

The arrangements for the banquet were in charge of a committee including C. E. Williamson, Dr. H. L. Griswold and Dr. E. D. Canatsey. The program was arranged by a committee composed of S. J. Tompkins, J. I. Graham and J. W. Breckon.

Following the banquet a program of musical numbers and toasts was carried out as indicated below:

Vocal solos, "The Sea Makes a Man of Me," and "The World is Waiting for the Sunrise"—C. S. Radcliffe.

"Our Boys"—Harlan Williamson.

Piano solo, waltz (Chopin)—Willard Wesner.

"The Father's Duty to His Son"—Arthur Cody.

Vocal solo—Linden Conboy.

"Our Leader"—Rev. T. H. Tuill.

Song, "America."

"Our Troop"—Scoutmaster Fred Hopper.

DAVE, NOT JOHN, TO LEAVE HERE

John A. Shadid, the East State street, shoe man, wishes corrected the impression that he is selling out and going to leave the city. It is John's brother, David, who expects to leave for South America as soon as he can sell his personal property.

John states that he would like to make the trip, to visit his mother who he has not seen in twelve years, but the distance is great and he feels he cannot leave his business for so long a time just now.

ALICE LAKE

AS KATIE MALLO SAW THAT HE WAS DIFFERENT In her young knockabout life the manicurist had come to know men thoroughly from the woman's point of view, had come to the ability to discern motives craftily masked, had come to the power of quick and accurate appraisal of their character. Hence it hurt her to see a boy like Peter Crandall gambling away all he had and drinking all he could get. For all his dissipation, she perceived he was wholesome at heart. For this reason she acted. The Fulton County Farm Bureau furnishes Dr. Rea's Government tested serum to its members at cost, which is \$5 a bottle of 500 c. c. In that county 800 farmers have already vaccinated their own hogs at a saving of one half to two thirds of their former vaccination bills, all report the best of success, no abscesses or bad results of any kind.

Hundreds of farmers in Rock Island, Mercer, Hancock, Lee and Edgar counties, as well as Fulton county, are doing their own vaccinating with Dr. Rea's Serum, which is furnished to them through their farm bureaus.

R. O. Shields, president of the Brown County Farm Bureau and Harry Jewell, treasurer of the Warren County Farm Bureau, have both vaccinated their own herds with Dr. Rea's serum and recommend it highly. They did the work themselves.

This same government tested serum with the U. S. release label on each bottle is now sold in this county at the address given below for the convenience of those who wish to vaccinate their own hogs or have it done. The price of the serum is \$5.50 a bottle of 500 c. c. Virus is one cent a c. c. Syringes are sold at cost. The dosage table is on each bottle. Directions are furnished with the serum showing just how the vaccination is done. It is easy; no skill required.

MILLIKIN MEETS AUGUSTANA SATURDAY

Meet in Important Game of Little Nine-ten Today—Teams Seem Evenly Matched.

BLOOMINGTON, Ill., Oct. 21—Millikin University and Augustana college football teams will meet Saturday on the Millikin field in a game which will probably decide the championship of the Illinois Intercollegiate Athletic Conference. This game will overshadow all other conference games and will probably be attended by several thousand football fans.

Neither team has been defeated this season and altho Eureka College also has a clean slate, the Woodford County school is not considered as strong as either of the first mentioned eleventh.

Augustana will enter the game a slight favorite by virtue of its 2 to 10 victory over the strong Illinois Wesleyan team which was considered the logical championship contender up until last Saturday when they fell before the powerful rushes of the "Terrible Swedes."

Each Has Won Three Games. Each of the title contenders has won three games this season, the Augustana victories being the more impressive. To begin with, the Angies defeated Lombard 20 to 3. Lombard boasts of a strong team, one which was picked by many of the critics to win the championship. The following week, the Angies had little difficulty in trouncing the Hedding College eleven 72 to 0. The brilliant playing of the Angies game to a climax last Saturday when they defeated Wesleyan team at Rock Island, 28 to 10.

The all-star Wesleyan backfield was unable to gain a single first down against the powerful Augustana line, the Methodists' scores being made as the result of a recovered fumble and a field goal by Zook. On the other hand the Augustana backs plowed thru the heavy Wesleyan line at will.

Millikin defeated St. Viators 20 to 0 in the first game of the season and followed this up with a 107 to 0 victory over the State Normal eleven. This latter score does not mean much in view of the fact that Normal is representative.

NOTICE TO NON-RESIDENT State of Illinois, Morgan county —ss. In the Circuit Court thereof, to the November term, A. D. 1920.

Garrett N. Cruzan, complainant, vs. Clara Cruzan, defendant—Bill for divorce.

Notice is hereby given to Clara Cruzan, that Garrett N. Cruzan has heretofore filed his bill of complaint against you in the circuit court of Morgan county, Illinois, on the chancery side thereof and that summons issued out of the office of the clerk of said court against you, the said Clara Cruzan, returnable on the second Monday of November, A. D. 1920, at the court house in the city of Jacksonville, in Morgan county, Illinois, and that said suit is still pending and undetermined in said court.

C. W. BOSTON, Clerk of the Circuit Court of Morgan County, Illinois.

ed by the poorest team in the history of the school. Millikin kept its slate clean by defeating the Bradley eleven last Saturday by the score of 41 to 14.

About Equal in Weight. Augustana and Millikin will average about the same as far as weight is concerned, but the Angies are conceded a slight advantage in speed and their ability to successfully work the forward pass from a running formation.

The remainder of the schedules of the two teams is comparatively easy and the winner of Saturday's conflict will in all probability win the conference title.

Illinois Wesleyan tackles the undefeated Eureka college eleven on Wesleyan field Friday afternoon in what promises to be another lively struggle. Eureka has the distinction of having scored 130 points this season to their opponents 6, demonstrating that Coach Dersnah's eleven has a wonderful offense as well as defense.

Knox will tackle Beloit, a non-conference team, at Galesburg Saturday in a game which will have no effect on the conference standing. Illinois will meet the weak Carthage eleven at Jacksonville Saturday and should win this game easily.

Bradley journeys to Abingdon Saturday to meet the weak Hedding eleven and despite the fact that the Peoria school is handicapped by injuries to a number of the star players, Coach Robertson's eleven should win this contest handily.

Monmouth tackles Lake Forest, a non-conference team, at Monmouth on Saturday in a contest which means nothing to the conference race.

St. Viators journeys to Wheaton Saturday to lock horns with the Wheaton College eleven.

CARITAS LODGE IN BIG RALLY MEETING

Event Was Held Thursday Afternoon and Evening—All State Officers Were Present—Splendid Program Carried Out.

Successful in every particular was the rally meeting of Caritas Lodge Rebekahs held Thursday afternoon and evening. Every lodge in the county had been invited and there was a large attendance.

All of the state officers were present and in the afternoon conducted a school of instruction and conferred assembly degree on four past noble grands. The school of instruction was pronounced by many to be one of the best ever held in this city.

The state officers are: President, Mrs. Ida E. G. Sherman, Vice, President, Mrs. Alice Trees; Warden, Mrs. Nellie Thompson; Secretary, Mrs. Mae E. Crowell; Past State residents, Mrs. Ella W. Reeve and Mrs. Myrtle T. Tandy were also present.

Following the school of instruction the following received the assembly degree, Mrs. Mary Davis, Miss Esther Carlson, Mrs. Lettie Hutchins and Mrs. Anna Rabjohns.

At 7:30 o'clock Caritas lodge assembled in regular session with Mrs. Abbie P. Spillman as Noble Grand, and Mrs. Mary Thomson, Vice Grand. It was largely thru the efforts of these officers that the affair was such a success.

At the close of the session the doors were thrown open to friends of the order and Mrs. Spillman extended words of welcome and introduced Mrs. Tandy as chairman of the evening. The following program was given:

Music—Spillman Trio.
Address—Mrs. Sherman.
Music—Leurig-Sheppard Trio.
Address—Mrs. Trees.
Piano Duet—Miss Mildred Wright and Mrs. C. R. Short.
Address—Mrs. Nellie Thompson.

Reading—Miss Jane Wright.
Encore, Whistling Solo.
Address—Mrs. Crowell.
Whistling Solo—Mrs. Stella Hayden.
Address—Mrs. Reeve.

The state president then called upon Mrs. Tandy, past state president and the newly elected secretary of the National Association of Rebekah assemblies who spoke briefly.

Music—Spillman Trio.
After the program refreshments of ice cream, cake and fresh strawberries were served in the dining room. The dining room was decorated in keeping with the Halloween season and many flowers added beauty to the scene. The state officers were served at a specially decorated table.

The following committees were in charge:

Program—Mrs. Myrtle W. Tandy, chairman; Mrs. W. E. Thomson, Mrs. A. C. Baldwin.
Decorations—Mrs. Mary Thomson, Mrs. Anna Vasconcellos.
Social—Mrs. E. E. Henderson, Miss Elizabeth Hanning, Mr. and Mrs. Charles Balsley.

Judge Charles A. E. Martin of Virginia was in Jacksonville on legal business.

Further Revelations of Startling Expenditures of County Funds

BY E. P. BROCKHOUSE
Candidate for State's Attorney

In an article published a few days ago entitled "What's the Matter with Morgan County?" I discussed at some length the financial condition of the county as related to the States Attorney's office. My purpose was to bring to the attention of the voters in a forceful way the fact that the States Attorney is in contemplation of law, more than a public prosecutor—that he is the legal advisor in business affairs of the county as well—and to point out certain facts to the voters which might enable them to decide what the policy of the present States Attorney has been with respect to giving advice to other officers; whether it has been a policy of inactivity unless and until he was called upon, or a policy of giving helpful advice and suggestions freely and voluntarily with a view of preventing errors and illegal expenditures through ignorance of law; facts which may at least cast some light upon the question whether the States Attorney is in any degree responsible, directly or indirectly, for the county's present financial condition.

I do not pretend to present all the facts that might be of interest in this connection. I referred to the extravagant payment of money to the States Attorney's office stenographer; to illegal payments of money to County Commissioners, and to an expenditure in the year 1919 of \$43,880.50 for roads and bridges when the appropriation for that purpose was only \$17,000. I did not point out the fact that in 1919, thousands of dollars of county money as well as large amounts of money belonging to a number of Road Districts of the county were practically wasted through a combination of bad judgment and bad luck in connection with a certain purchase of some seventeen ear loads of road oil, a purchase which I believe would never have been made had the County Commissioners been aware of provisions of the law requiring expenditures made or contracted for by public officers to be kept within the amount appropriated or set aside by law for the purpose, and had the records of their proceedings been in condition to show them what money they had available for roads and bridges.

Neither did I refer to the fact that on a number of occasions hundreds of dollars of county money have been paid to other attorneys for services in connection with comparatively simple business matters; nor to the fact that upon the occasion of the election of a new county clerk, an extraordinary expense of several thousand dollars was incurred, presumably for the purpose of educating him; nor did I point out a number of payments made to the States Attorney himself, in addition to his salary, ranging in amount from a few dollars up to \$881.70, the largest single item.

In his primary campaign, he advertised that he collected during his term, in fines etc., and turned

therein, should he not have stated then, and should he not state now, what amount he has drawn from the treasury and for what purposes and what amounts have been paid out of the treasury to other attorneys, to witnesses in criminal cases, to detectives, investigators, etc.? When the figures are made public, the voters will be amazed at the high cost of prosecutions in Morgan county during the last four years.

I do not pretend to say upon whose suggestion the several expenditures above mentioned, were made. I have referred to them because, in my judgment, they indicate how expenses may pile up through a failure of the States Attorney's office to function as I believe it should.

Should I be elected to the office, whatever knowledge and experience I may have will be freely offered in a spirit of friendly co-operation towards the common end of improving the county's financial condition. I shall advise and insist upon full and complete records from day to day of all transactions, with certain simple improvements in method that will enable the Commissioners at any time to know exactly what money is available. I shall consider it my duty to watch for irregular or illegal practices and if any appear to all attention to, and check them.

The employment of other attorneys in connection with county business affairs will be advised against and discouraged. With the help he is entitled to receive under the law from the Attorney General of the state, the States Attorney would be a poor lawyer indeed could he not take care of such matters. In very important criminal trials, the employment of other counsel at county expense may sometimes be justified but in view of the financial condition of the county, I should advise against it in any case unless it should be considered advisable by the Attorney General. I shall expect also to pay my own stenographer as I did when County Judge.

I shall also advise against the education and "breaking in" of newly elected county officers at public expense. Given the legal advice and instruction as to his official duties which he is entitled to receive from the States Attorney, each new officer should be required to bear the expense of his education out of the regular salary and deputy hire allowed to the office.

By close co-operation with city and county officers, especially the police force and sheriff's office and with the co-operation and support I hope to be able to command from all good citizens, I believe that the employment of special detectives and investigators at public expense will not be necessary except on very rare occasions. Former State Attorneys, I believe, have not found it so, yet the results obtained by them compare favorably, I think, with those obtained during the present term.

More will be presented in a future article concerning the States Attorney's record as a prosecuting officer.

M'PHAIL FARM SOLD TO MR. MASON

Important Farm Sale Is Recorded—Mr. McPhail Buys Jacksonville Home.

E. E. McPhail has recently sold his eighty acre farm just outside the city limits to Charles Mason of Ebenezer neighborhood. Possession is to be given at a comparatively early date. The purchase price was \$30,000. Mr. McPhail bought this farm ten or twelve years ago from W. E. Crane and then erected a comfortable house and other somewhat extensive improvements. The sale price by comparison with the value at the time it was purchased represents a substantial increase in land values. The sale did not include Mr. McPhail's dairy herd and he is to hold a public sale Nov. 1. Mr. Mason, it is understood, intends to operate a dairy, for which the property is so finely equipped. Mr. McPhail and his family will become residents of Jacksonville, as he has purchased thru L. S. Doane the residence property at 1320 West State street from the Misses Hayden. He will probably occupy this property about Dec. 1.

PASSAVANT HOSPITAL TRUSTEES HAD MEETING

The Trustees of Passavant hospital met last night and heard the reports of committee. The campaign committee was present and reported over \$22,000 raised and the intention to continue the campaign until the desired amount is secured. Samuel Darcy, the trustee from Durbin church, was present and spoke most encouragingly of the interest in the hospital in his neighborhood. The feeling was frequently expressed that a better day is dawning for the hospital and the belief is that interest generally will continue to increase. Work on the improvements was reported as progressing most satisfactorily, and work on the laundry is to be pushed as rapidly as possible. Much has been accomplished in the way of new buildings but there is still much to be desired.

WONDERFUL WEATHER

Again the oldest inhabitant comes forward and says he can hardly recall such a September and October as we are having. House doors open, coats laid aside and even fans are sometimes used. It is just a trifle dry wheat and fall pasture tho (ie are yet running a pretty good stream showing there is water in the ground. Conditions are favorable for late corn and if only it brought a better price it would be more encouraging.

ILLINOIS PLAYS FIRST HOME GAME

Fans Will See Blue and White Team Against Carthage on Illinois Field This Afternoon—Interesting Side Features.

Football fans will have their first glimpse of Coach Harmon's Illinois College football team this afternoon when it clashes with Carthage College on Illinois field. The visitors arrived in the city Thursday evening. George Teasley, a former Jacksonville resident and a graduate of the Springfield high school, is playing quarterback for the team. Harmon finished work for the game with a light practice Thursday evening and announced that the squad was ready for anything that came. The game will be started at 3:15 o'clock. There are a number of interesting features to be pulled off in addition to the game. Among them is a shuttle race between the Sophs and Freshies. This will take place between halves and promises to prove interesting as well as amusing to the spectators. The new College band will also make its first appearance. Coach Harmon announced last night that members of the Rotary club and also the junior class at the high school would be guests of the college at the game. There is no school this afternoon because of the institute.

Kessinger Gives Sound Reasons For G. O. P. Support

"America First," "Back to the Constitution," "League us not into temptation," "Down to Business and Back to Normal," Harding, Coolidge, McKinley and Small—good Republicans, Vote for Them All," were some of the campaign slogans coined by Senator Harold C. Kessinger, of Aurora, in his address at the court house last night. John J. Reeve presided and before the arrival of Senator Kessinger brief talks were made by Mrs. W. L. Alexander, Mrs. John J. Reeve and Carl E. Robinson. A number of the statements made by Mr. Robinson are given in his signed statement which appears in another part of this paper. A quartet including Dr. C. B. Magill, James Guyette, Maurice Peckham and Hackett Wilder, sang two campaign songs that were thoroughly enjoyed. The court room was filled with the audience present and it was a "peppy" meeting thruout. Here are some of the pointed statements and arguments the Aurora senator presented.

Democratic Extravagance.

The people are sick and tired of Democratic misrule and extravagance. Billions of dollars have been wasted. Children, not yet born will bear the burden of heavy taxation as a result of Democratic incompetence. The Democratic war department bought seven halters for every horse; four horse blankets, three curry combs; two saddles; three branding irons. They bought thirty-six sets of spurs for every officer in the army. Northern Democrats Innocent. We never blame the northern Democrats, because when their party is in power, the South is "In the Saddle," and the northern Democrats have very little to say about what goes on. Northern Democratic tariff put northern wool on the free list, and southern cotton on the protected list; northern grain free, and southern rice protected; northern butter free, and southern peanut butter protected. All the way thru discrimination in favor of the south and against the north. During the war, the southern Democrats put a restrictive price on northern wheat, but none on southern cotton. "America First." A Republican tariff means "America First"—American labor first; American farming first; American business first. If you buy a watch made in Switzerland, you get the watch, but they get the money. If you buy an Elgin watch made up in Kane county, where I live, both the watch and the money stay in America, to keep Americans employed and to keep business going here. If you want Americans to decide tariff matters you will vote against the Wilson-Cox-Lewis War-League of Nations, which takes away America's right to decide her foreign policy and her domestic issues like immigration and the tariff. Wilson-Lewis War League. The Wilson-Cox-J. Ham Lewis League is a war league and against the peace of the world. It will drag American men and pledge American money in every bid of strife and struggle and warfare and bloodshed that they have in Europe and Asia for the next hundred years. Twenty-nine nations have joined the League, and are today waging twelve wars between themselves. We plead to the women of Illinois to remember the Democratic deception of four years ago, "We will keep you out of war," and not be fooled by their promises this year. A Patent Medicine Party. The Democratic party is a patent medicine party, always promising a cure-all for everything. Free Silver, Free Trade, sixteen to one, anti-imperialism. "We'll keep you out of war," "The League will stop war" always some promise that is never kept, and very seldom ever made in good faith. The Straight Ticket. A party is built from the bottom up. On primary day we "select;" on November second we "elect." At the primary we pick out the individuals, and at the election we vote for the principles of the party. President Harding must have a Republican House and Senate. Vote for Shaw for congress and McKinley for senator. We will have a Republican legislature in Illinois, and must have a Republican governor. For harmony and efficiency, in a state and nation we must vote for all our party nominees by making one cross, and putting it in the Republican circle. Senator Len Small. We had a bitter primary fight, and many untrue statements were made, many bitter things said. We have a good ticket, McKinley, Small, Sterling, Russel, Emmerson, Brundage, Vail, Miller, Mason and Yates. Len Small is the only downstate candidate for governor. He is a practical business man and successful farmer. His private life is clean, and his public service long and honorable. Senator Small has served as county supervisor, state senator, twice as a state official, and once as a federal official by appointment of President Taft. Many falsehoods are being circulated by the Democrats, but the Republicans will not be deceived and will not give aid and comfort to the Democratic party. Non-Partisan Candidates. We hear about a Democrat running as a non-partisan candidate for governor. You never heard of this in the Democratic south, or in any Democratic state. Only in Republican states, where they hope to sneak in to office with the aid of Republican votes. If one of the United States Senators from Illinois should die it would be up to the Governor to appoint his successor. We can't afford to take a chance on a Democratic governor, who was the spokesman of Woodrow Wilson in the United States senate, and helped fasten the oppressive and expensive laws upon our people. Common Sense. We need common sense and business ability in the governor's office and not purple spats, fancy vests, and pink whiskers. Senator and Mrs. Small are members of the First Methodist church. In his own precinct, where he has lived and raised his children, out of seven hundred and eighty votes cast, only nine men and women voted for Senator Small's opponent. Senator Small has lived on the same farm, one mile from Kankakee, for the past thirty-seven years. Wears No Man's Collar. When elected Len Small will be the governor of the people. His pledges have been made from the platform. He has no secret agreements with any man, or political machine, and great corporation. Len Small is his own boss, and will serve but one master—the people of his native state of Illinois, with special favors. Don't forget our mottoes:—"Harding, Coolidge, McKinley and Small. Good Republicans—Vote for them all." "America First"—"November Second."

ATTENDED HUMPHREY FUNERAL IN IOWA

Mr. and Mrs. G. C. Cannon and daughter have returned from Fair field, Iowa, where they went to attend the funeral of J. H. Humphrey, which was held there Tuesday. Mr. Humphrey, as previously stated, died as the result of an explosion when he poured oil into a stove. Mr. Humphrey had been for some time in the signal department service of the Burlington and the accident happened at an early morning hour in a car when he was alone. He arose early in the morning and while only partially clothed went to the stove to build a fire. He had poured in a small quantity of crude oil of the kind he had been accustomed to use. He did not know there was and fire in the stove at the time. The explosion was instantaneous and in a moment's time he was enveloped in flames. He had some difficulty in opening the door of the car and then in an agony of pain, ran five or six blocks on the street before he could be stopped. By that time the burns were so serious that death quickly followed.

About Prices

Yes, it seems as tho prices have finally started down the hill, but we are sorry to say that as yet, we have felt no drop in anything we stock, with the exception of a few drugs that went soaring during the war. As it is now, nearly 10% of everything we get is, is advanced in price. We assure you it is most displeasing to say the least to have this state of affairs in existence just when you all are expecting thing sto be going down.

However, we have been anticipating a reduction of our prices and therefore we have not stocked up, as it were. This is of two-fold advantage to you. 1st—Tho you pay the latest price on the article you get here, you can be absolutely sure it is fresh stock. 2nd—When the drop in price does reach our stock, we will be the first to have the low price for you.

So you see it always pays to trade here, where FRESH goods and PROPER prices prevail.

HER 86th BIRTHDAY.

Tuesday, October 19, Mrs. H. M. Lansing passed the 86th milestone in the journey of life, and the event was fittingly observed at her home, 802 North Diamond street, Mrs. Lansing received several nice presents as reminders of the day. A splendid dinner was prepared under the skillful supervision of her daughters, Mrs. Eva A. Coker, of Pisgah, and Mrs. Mamie Robinson, of Colorado Springs, Colo., and granddaughter, Mrs. Georgia Evelyn Naile of Chicago. The day was one of much enjoyment and those who were present joined in wishing the venerable hostess many more such happy days. Mrs. Lansing was remembered in a very substantial way by her highly esteemed son-in-law, Will W. Robinson, of Colorado Springs, Colorado.

HE COULD SAY IT.

If L. M. Olmsted were alive now with what satisfaction he could say to the people of Jacksonville, "I told you so." When he was a member of the city council, many years ago, the matter of sewers came up and he made an important plea to the council to employ capable talent, prepare a suitable system and work to it. But like the old farmer who sneers at the agricultural university and turns up his nose at "book farming," the city fathers thought Mr. Olmsted good enough in books or possibly on a railroad but he wasn't practical when it came to draining a city and we see the result, or are painfully aware of the facts.

"WHAT'S THE MATTER WITH MORGAN COUNTY?"

A Reply by Carl E. Robinson.
I saw an article recently published by E. P. Brockhouse, Democrat candidate for State's Attorney, an attempt was made to place on the present State's Attorney the responsibility for what Mr. Brockhouse called "the deplorable financial condition" of the county. Ordinarily I would make no reply to the public letter of Mr. Brockhouse; but he has made charges by insinuation if not by direct statement, that if left unanswered, would question my honesty and integrity as a public officer. I regret that I am compelled to dispute the statements of another candidate for office but I see no other just or fair way in which to deal with the matter.

Why does Mr. Brockhouse at this particular time attack the record of the present State's Attorney? Is he seeking to benefit the county or to get into public office? Is his purpose that of a citizen or of a candidate? If that of a citizen why has the public, for which he now apparently has the deepest concern, been heretofore deprived of his information and advice?

The substance of the complaint is that the county is in debt. The present State's Attorney does not presume to defend the County Board but he points out the fact that Mr. Brockhouse does not say that the county did not get full value for every dollar spent or promised. He does not say that the county did not get the best and just return for its indebtedness. He insinuates that the county has lost seventy-five thousand dollars but he did not and will not say so. He points out the debt and stops there. He does not tell what was received by the county in return for the indebtedness. In other words he tells half the story and only half. He stops there and leaves his readers to speculate on the question of what if anything was received in return for the money spent. Why was he not anxious to publish what was received as he was what was spent?

Under our law the State's Attorney is the legal advisor of the various county officers. He is no more the legal advisor of the county board than he is of the circuit clerk, the county clerk, the county superintendent of schools, the county treasurer and the sheriff. His connection with these officers is merely an advisory one. If they do not know the law that pertains to their respective offices it is their duty to inquire, and his to inform. He cannot take the initiative and follow each one and all of these officers through their respective duties, check up their work and correct them. That is an impossibility. It is not his duty to advise them concerning the work of their offices. The State's Attorney has absolutely no control over the funds of the county and all appropriations must be made by the county board. For example he does not tell the county board to spend money or not to spend it, nor where, when and how to spend it. That is their business and theirs alone, and they and they alone take the responsibility for it. If they wish to act without his advice on questions of law they can do so. If they want his advice they can say so.

Do the county commissioners or any of the county officers make complaint that the State's Attorney has not advised them as he should have done? Who makes this complaint? Do the county commissioners make it or does Mr. Brockhouse make it in an effort to destroy confidence in the present State's Attorney and thereby gain the support of the voters in the coming election. If the county commissioners have been imposed upon by the State's Attorney why do they not say so? Is it not strange that this candidate should be compelled to complain about the mis-treatment of the county commissioners by the State's Attorney? Is he complaining for them or for himself? Do they say that the State's Attorney is responsible for what they have done? Are they seeking to hide behind him, or is Mr. Brockhouse seeking to place the State's Attorney before them in order to discredit him?

He complains because the commissioners have received pay for use of their automobiles and says that this is unlawful. He asks the question "Did the State's Attorney advise them that this was legal?" The State's Attorney has never been consulted concerning this matter. But is it unlawful and extravagant? If it is unlawful and he knew it why did he not complain to the proper authorities and as a taxpayer take court action to

stop it? The courts of the county will not say that the practice has not saved Morgan county money. He complains merely as a candidate but as a citizen and tax payer he has been silent.

He does not exactly charge but he insinuates that it is both unlawful and extravagant for the county to pay a part of the salary of the stenographer in the State's Attorney's office. If he knows the law he will not say that this is unlawful. The county board has the same authority to provide for the necessary clerical help in the State's Attorney's office as it has that of the other offices of the county. And is there any reason why it should not do so? The State's Attorney is a county officer standing on the same basis as the county clerk, the county treasurer, the county superintendent of schools, the circuit clerk and the sheriff. The law does not require these officers to pay from their salaries the expenses of conducting their respective offices nor does it require nor contemplate that the State's Attorney should do so. Surely Mr. Brockhouse will not say that the amount allowed the State's Attorney for this purpose is extravagant. At the present time it is five dollars per week. For many months during the present administration it was nothing, and for several months it was twenty dollars per quarter. The State's Attorney pays out of his salary for this purpose twice the amount paid by the county board and furnishes the books and equipment of his office. It is interesting to note the cor-

rection made by Mr. Brockhouse in the papers on Tuesday of this week. Evidently he had not until then discovered that the judges and clerks of election are now allowed twice the salaries formerly allowed. If he will look further he will find still other corrections are to be made. For example, does he know that the number of election districts in Morgan county during the past two years has been increased from thirty-one to forty-three?

Several other reasons for increased expenses will readily occur to him if he will take the trouble to acquaint himself with all the facts.

If the evils exist that Mr. Brockhouse complains about and he wishes to remedy them by means of what he could do as a public officer she should be a candidate for county commissioner instead of State's Attorney.

Mr. Brockhouse's article is a bold attempt to leave an unfair impression, not by direct charge, but by a method more subtle and dangerous, that of insinuation, that the present State's Attorney has not done his duty. And this attempt is made for one purpose and one purpose only, namely, that of injuring the reputation of one man in order that the other can gain a public office. This method of campaigning is a cheap and easy one for those who do not care to exert themselves in a physical way. But in the long run the people are not deceived by it. Its purpose stands out too plainly on its face, the purpose of gaining the support of the public through the

damaging of the reputation of another.

"What is the matter with Morgan county?" What is the matter with any county when any men or any set of men, while denying any intentions to be personal, deliberately set about to injure the reputation of a public officer in order to advance their or his own political interests; when a candidate for an important office, in the announcement of his candidacy, makes his bid for votes by saying nothing of his own record as a public officer and nothing of his own qualifications for the office that he seeks, but proceeds to denounce the record of his opponent and by insinuations leaves the impression that his opponent is neither capable nor honest? When a candidate for such office can without public rebuke do these things the politics of the county need to be elevated above the level of "knocking" and "mud-slinging" though expressed in dignified language.

Again I express my regret at having to defend myself publicly against insinuations made in the strife of a political campaign.

GYPSIES ARE MOST PICTURESQUE PEOPLE

Many Women Are Striking Types

of Beauty—Are Very Super-Bucharest.—Of the dozen of different peoples in Rumania, none is more picturesque than the Gypsies. Like their prototype in America, they rove the country in great caravans, earning stray pennies by begging, dancing, playing and telling fortunes. In the cities they sometimes earn their "bread and onions" by shining shoes, peddling lemonade or acting as porters.

The high cost of living which has drawn tight the strings of every purse has brought double hardships to these wanderers. No matter how well they play their violins, no matter what good fortune they see in the stars for those about them, they find it hard to coax pennies from the empty pockets of the war-oppressed Rumanian people. Many of them have starved to death.

Among the Gypsy women and girls are to be found some striking types of beauty. Dark of complexion and hair, with shining long-lashed black eyes, they are a delight to look upon. They have not yet acquired the art of using cosmetics as their sisters in the United States do.

Superstition plays a large part in the life of the Gypsy. One of the many ancient customs which still survive among the women is the belief that the death of one of their children dies. They believe that the death has been caused by an evil spirit having entered the body of the child as well as of the mother and that if they

chastise themselves the spirit will depart.

One Rumanian gypsy woman whom an American relief worker visited was apparently about to die from pneumonia. The doctor found numerous bruises all over her chest and these had seriously aggravated her condition. On questioning her he learned that her bruises were due to a beating she had given herself because one of her eight children had died.

KING MANUEL OPPOSES MONARCHY

Former King So Notifies Portuguese Monarchists—Must Maintain National Integrity First.

LISBON. — (By The Associated Press.)—Portuguese monarchists have been notified that the former King Manuel of Portugal, who is now in England is opposed at present to any steps toward restoration of the monarchy in this country. This is made public in a letter to the Young Conservative Monarchists issued by Councillor Ayres d'Ornellas, who is official representative here of the exiled king. The letter was written in a hospital where the royalist statesman is recovering from an operation under surveillance until he can be returned to prison where he has been for nearly two years since the last monarchist uprising.

The Councillor says that he believes former King Manuel regards the economic distress now

prevalent in Portugal "to forbid all Portuguese from taking part in any kind of revolutionary movement." The Councillor advises the Young Monarchists, instead, to support social order which he says is now attacked in so many ways. He adds: "We must maintain our national integrity afterward we will see to the political form of government under which it is to live." In the meantime he suggests that the monarchists take legal steps to organize their forces.

This letter was evidently written in answer to questions addressed to Councillor d'Ornellas as the royalist leader in Portugal because a group of monarchists who have abandoned their allegiance to the former King Manuel are undertaking to select as pretender to the throne a young son of another branch of the House of Braganza. This group sent a delegation to Duke Michel de Braganza, head of the Austrian branch of the family, asking permission to name his youngest son, Prince Nuno Darte, as heir to the throne of Portugal if a monarchy should be restored.

Prince Nuno Duarte is only 13 years old. The choice fell upon him because Prince Miguel, the eldest son of Duke Michel is held to be debarred from royal rights because he married Anita Stewart an American woman, and because the Duke's second son was killed in the war while fighting with the Austrian army.

Owing to the youth of Prince Nuno this monarchist group proposes to name his aunt, the Princess Aldegundes de Braganza Bourbon, Countess de Bardi, widow of Prince Henry de Bourbon de Parma, as regent until he shall become of age.

The group of monarchists under these steps call themselves the Integralista Party. The newspaper Seculo says in an interview with a member of that party that it is probable the old royalist party called the Miguelistas will join forces with this new party against the followers of the former King Manuel.

ARRESTED FOR

KILLING SISTER

Constance, Switzerland — (By The A. P.)—Johann Strugger formerly a Captain in the Austrian army, has been arrested on a charge of murder for shooting and killing his sister at her own request. The sister suffered a fracture of her spine in an Alpine accident last year, knew her illness to be incurable and had repeatedly begged the physicians of a sanatorium of which she was a patient to relieve her of her sufferings by an overdose of morphine. Strugger delivered an ultimatum to the physicians that if they failed to comply with his sister's wishes within five days he would shoot her himself. This he did with full consent of the girl.

WOULD MAKE NURSING CHEAPER

Boston. — A movement to build up an adequate body of nursing attendants to serve at moderate wages in homes where outside care is needed in cases of sickness but where means are lacking to pay trained nurses has been started in this city. SHE WAS NEITHER SICK NOR WELL

Just Dragging Around With No Energy or Appetite, Constipated, Bilious and Nervous With a Disordered Stomach.

Dreco, the Root and Herb Medicine Put New Life and Energy Into Her.

"About 14 years ago I had a bad spell of typhoid fever and was never able to get real well again. I felt tired all the time," said Mrs. Margie Logue, who lives at 919 N. Elizabeth St., Clinton, Ill., near Decatur. "My stomach was weak and easily upset, so I hardly knew what it was to be hungry and didn't care whether I ate or not."

"My liver was sluggish which made me dizzy. It seemed like everything I ate clogged in my bowels and it was only with great effort that I could get them to move at all. I was neither sick nor well just dragging around with no energy to do anything."

"I wouldn't have believed that there was a medicine made that could help me like Dreco has and I am going to continue taking it until my health is fully restored. I feel so much better in every way, and as it did me so much good I got my husband to take it for his rheumatism and it has done him a lot of good also."

Dreco is not an experiment. It is a safe, harmless combination of natural extracts, and contains no dangerous minerals, acids or salts. It is nature's medicine and can be taken with safety. Into the most delicate system—Dreco is inexpensive and is now dispensed by modern drug stores almost everywhere.

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co.

course which it describes as designed to prepare them "for the care of sickness in the home and the care of the home during sickness."

New classes are formed every seven weeks. The expense for the training is small. The course extends over a period of seven months beginning with study of the care of the house, marketing, cooking, dietetics and nursing. After this preliminary work the students are sent to cooperating hospitals for four months, receiving actual training and experience

in the care of patients. After care of a mother and baby is then learned in a maternity hospital.

When the course is completed the students are given case work under supervision of a trained nurse for five months. If their work has proved satisfactory they are then given diplomas and are permitted to work independently. Thru a registry system the association is able to provide constant employment for graduates of the course.

They know that if the quality of a tire was right, the demand for the tire would make it unnecessary to offer it at a cut price. You never know the real cost of a tire until it has delivered its last mile of service. I have always carried a line of cheaper tires to meet this first-cost tire business. But I am not telling you that this line is the tire for you to buy. Good reliable tire manufacturers don't have to revert to cut prices to sell their tires. Don't worry too much about a

KING MANUEL OPPOSES MONARCHY

Former King So Notifies Portuguese Monarchists—Must Maintain National Integrity First.

LISBON. — (By The Associated Press.)—Portuguese monarchists have been notified that the former King Manuel of Portugal, who is now in England is opposed at present to any steps toward restoration of the monarchy in this country. This is made public in a letter to the Young Conservative Monarchists issued by Counsellor Ayres d'Ornellas, who is official representative here of the exiled king. The letter was written in a hospital where the royalist statesman is recovering from an operation under surveillance until he can be returned to prison where he has been for nearly two years since the last monarchist uprising.

The Counsellor says that he believes former King Manuel regards the economic distress now

prevalent in Portugal "to forbid all Portuguese from taking part in any kind of revolutionary movement." The Counsellor advises the Young Monarchists, instead, to support social order which he says is now attacked in so many ways. He adds: "We must maintain our national integrity afterward we will see to the political form of government under which it is to live." In the meantime he suggests that the monarchists take legal steps to organize their forces.

This letter was evidently written in answer to questions addressed to Counsellor d'Ornellas as the royalist leader in Portugal because a group of monarchists who have abandoned their allegiance to the former King Manuel are undertaking to select as pretender to the throne a young scion of another branch of the House of Braganza. This group sent a delegation to Duke Michel de Braganza, head of the Austrian branch of the family, asking permission to name his youngest son, Prince Nuno Darte, as heir to the throne of Portugal if a monarchy should be restored.

Prince Nuno Duarte is only 13 years old. The choice fell upon him because Prince Miguel, the eldest son of Duke Michel is held to be debarred from royal rights because he married Anita Stewart, an American woman, and because the Duke's second son was killed in the war while fighting with the Austrian army.

Owing to the youth of Prince Nuno this monarchist group proposes to name his aunt, the Princess Aldegundes de Braganza Bourbon, Countess de Bardi, widow of Prince Henry de Bourbon de Parma, as regent until he shall become of age.

The group of monarchists under these steps call themselves the Integralista Party. The newspaper Seculo says in an interview with a member of that party that it is probable the old royalist party called the Miguelistas will join forces with this new party against the followers of the former King Manuel.

ARRESTED FOR

KILLING SISTER
Constance, Switzerland — (By The A. P.)—Johann Strugger formerly a Captain in the Austrian army, has been arrested on a charge of murder for shooting and killing his sister at her own request. The sister suffered a fracture of her spine in an Alpine accident last year, knew her illness to be incurable and had repeatedly begged the physicians of a sanatorium of which she was a patient to relieve her of her sufferings by an overdose of morphine. Strugger delivered an ultimatum to the physicians that if they failed to comply with his sister's wishes within five days he would shoot her himself. This he did with full consent of the girl.

WOULD MAKE NURSING CHEAPER

Boston. — A movement to build up an adequate body of nursing attendants to serve at moderate wages in homes where outside care is needed in cases of sickness but where means are lacking to pay trained nurses has been started in this city. Dreco, the Root and Herb Medicine Put New Life and Energy Into Her.

"About 14 years ago I had a bad spell of typhoid fever and was never able to get real well again. I felt tired all the time," said Mrs. Maggie Logne, who lives at 919 N. Elizabeth St., Clinton, Ill., near Decatur. "My stomach was weak and easily upset, so I hardly knew what it was to be hungry and didn't care whether I ate or not."

"My liver was sluggish which made me dizzy. It seemed like everything I ate clogged in my bowels and it was only with great effort that I could get them to move at all. I was neither sick nor well just dragging around with no energy to do anything."

"I wouldn't have believed that there was a medicine made that could help me like Dreco has and I am going to continue taking it until my health is fully restored. I feel so much better in every way, and as it did me so much good I got my husband to take it for his rheumatism and it has done him a lot of good also."

Dreco is not an experiment. It is a safe, harmless combination of natural extracts, and contains no dangerous minerals, acids or salts. It is nature's medicine and can be taken with safety. Into the most delicate system—Dreco is inexpensive and is now dispensed by modern drug stores almost everywhere.

All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Drug Co.

courses which it describes as designed to prepare them for the care of sickness in the home and the care of the home during sickness."

New classes are formed every seven weeks. The expense for the training is small. The course extends over a period of seven months beginning with study of the care of the house, marketing, cooking, dietetics and nursing. After this preliminary work the students are sent to cooperating hospitals for four months, receiving actual training and experience

in the care of patients. After care of a mother and baby is then learned in a maternity hospital.

When the course is completed the students are given case work under supervision of a trained nurse for five months. If their work has proved satisfactory they are then given diplomas and are permitted to work independently. Thru a registry system the association is able to provide constant employment for graduates of the course.

CHARITY WORKERS TO MEET IN THIS CITY

Program of State Conference Has Been Outlined — Prominent Men and Women Will Attend.

Preliminary announcements have already been made of the state conference of charities and corrections to be held in this city, Oct. 29, 30 and 31. The state probation officers association, the county judges association and the association of county home superintendents will be in session Oct. 28.

Headquarters will be maintained at the Dunlap House. It is the expectation that there will be at least 300 delegates from all parts of the state in attendance.

At the opening session of the state probation officers association the general theme will be "How Can a Probation Officer Serve His Community." Eight different minor subjects will be considered under this general theme.

At the evening session Judge Arnold and Judge Olsen will speak. A general outline of the sessions of the conference of charities and corrections is given below:

Places of Meeting.

Thursday Night—First Baptist church.

Friday Morning—State Street Presbyterian church.

Friday Afternoon—Meetings at three state institutions.

Friday Night—State Street Presbyterian church.

Saturday Morning—Three meetings, State Street Presbyterian church.

(b) From a State's Attorney's point of view.

(c) From a Superintendent of Schools' point of view.

(d) From a physician's or nurse's point of view.

(e) From an institution's point of view.

(f) From a State Officer's point of view.

(g) From a layman's point of view.

(h) From a Probation Officer's point of view.

(1) From an Adult Officer.

(2) From a Juvenile Officer.

Afternoon.

Round Table discussion led by Mrs. Wilfred S. Reynolds. Subject: Investigations of families in which there are problems of dependency, delinquency and mental defectiveness.

Evening.

Joint meeting with the State's Attorneys and County Judges.

Judge Arnold and Judge Olsen will be on the program.

Friday, October 29.

Milk so rich and creamy it saves using butter

Try it in one of these butter-and-cream-saving recipes

The rich creaminess of Libby's Evaporated Milk opens up a whole range of delightful new possibilities in cooking.

You need no butter in cake when you make it with Libby's Milk! And yet it will be light and tender—with the crisp, delicate brown crust you have always wanted to get!

You need no other cream for ice cream—and yet it will have a smooth, velvety texture, and such a rich flavor!

In everything you make with Libby's Evaporated Milk, you are really using part cream. In the special Libby process, rich, fresh milk is first carefully selected and tested for butter-fat content. Then half the moisture is evaporated and nothing added.

From dairy sections famous for their rich milk and cream

Ordinary milk could not meet the exacting Libby standards—for the Libby ideal demands that each food they produce shall be selected and packed in whatever part of the world it is found at its best.

Just as Libby goes to Alaska for salmon, to Hawaii for pineapple, and to the orchards of the Golden West for fruit—so for milk Libby goes to such places as Humboldt County, California, and the famous dairy sections of Wisconsin and New York, where, because of the richness of the pasture lands, the breeding of the cows, or the skill in dairying, an extra fine milk is produced.

In these sections are established Libby condenseries that are models of immaculate cleanliness. Every housewife would en-

joy a sight of the great copper kettles gleaming brightly from the scouring that they receive every day, the sparkling glass receptacles, the polished metal tubes—all so spotless and clean!

You will be enthusiastic over its convenience

If you have never known the delight, convenience, and economy of using a canned milk, start today; order a supply from your grocer. A few cans of Libby's Evaporated Milk on your pantry shelf means a constant supply of pure, sweet milk—it means that you are entirely independent of the milkman.

Libby's Milk is economical, too—for there is never any waste. The special Libby process makes it thoroughly sterile—so it keeps sweet and pure indefinitely before being opened. Then when you have opened a can, you can use just what you need—the rest, put in a cool place, will keep several days.

Its creaminess improves everything in which you use it.

Try Libby's Evaporated Milk today in one of these butter-and-cream-saving recipes. Only by actually tasting this cake or actually noticing how this ice cream tastes as if it were made of the thickest cream—can you appreciate what the wonderful creamy richness of Libby's Milk can mean in all your cooking! As soon as you try it in one of these recipes you will want to use it in the rest—and still others of your own!

Order a supply from your grocer today.

Such a light, tender cake—and
it's made without butter!

4 eggs 1 teaspoon vanilla
1 cup sugar 1-2 teaspoon lemon extract
1/2 cup salt 1-2 cups flour
1-2 cup Libby's Evap- 4 teaspoons baking
erated Milk scalded powder

(For Icing)

1-3 cup Libby's 2 cups powdered sugar
Evaporated Milk 1 teaspoon vanilla

Beat the yolks of eggs. Add a pinch of salt, 1 cup sugar, 1-2 cup Libby's Evaporated Milk scalded, vanilla and lemon extract. Mix thoroughly, add gradually the flour which has been sifted with the baking powder. Fold in the stiffly beaten whites of eggs and bake in a moderate oven. When cool frost with icing made of powdered sugar, 1-3 cup Libby's Evaporated Milk and vanilla, all beaten smooth.

Ice cream that has the velvety smoothness you
have always wanted to get

2 cups Libby's Evaporated Milk 2 eggs
2 cups water 1 tablespoon gelatine
3-4 cup sugar 1-2 cup cold water
1-4 teaspoon salt 4 large ripe bananas
1 teaspoon vanilla

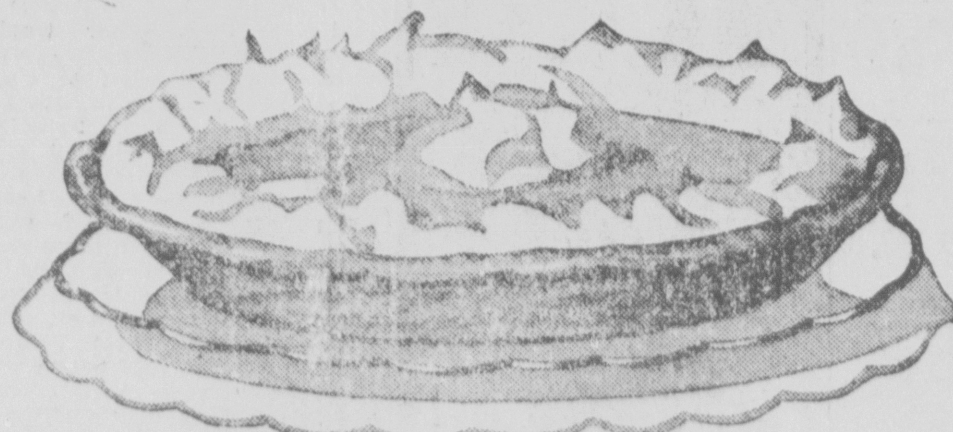

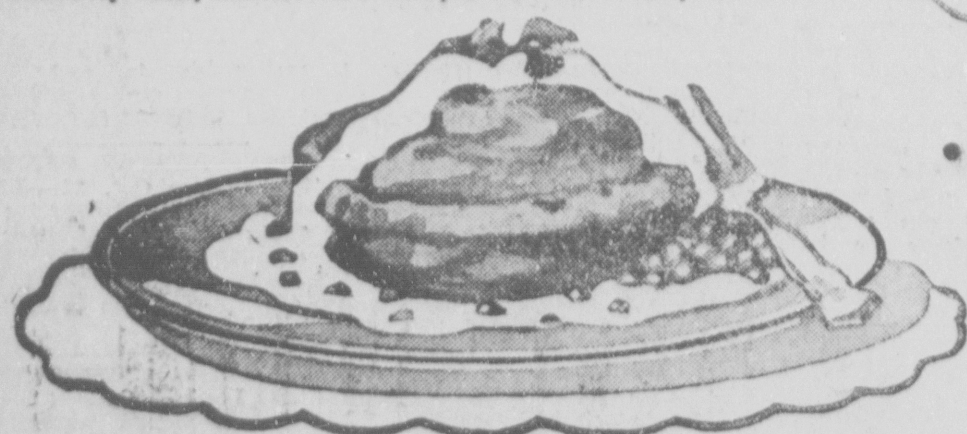

Scald in a double boiler Libby's Evaporated Milk, add water, sugar, salt and well beaten egg yolks. Cook until the mixture thickens. Add gelatine soaked in cold water. When cool, stir in bananas mashed to a smooth paste, vanilla, stiffly beaten whites of eggs, and freeze. Garnish with chopped, candied orange peel or thinly sliced citron.

Libby, McNeill & Libby, Chicago

Individual creamed chicken pie—the best
you ever tasted!

1 1-4 cups Libby's Evaporated Milk
3-4 cup stock
1 tablespoon flour
Celery salt
1-2 teaspoon salt
1 1-2 cups cold chicken
1 teaspoon chopped parsley
Cayenne
1-2 cup water
2 tablespoons flour
1-4 teaspoon salt

Scald 3-4 cup Libby's Evaporated Milk and chicken stock. Add flour and salt mixed smooth with a little water. Cook until mixture thickens. Add chicken which has been cut into dice, and season with parsley, celery salt and cayenne. Line small tart pans with pie paste and fill with chicken mixture. Cover top with paste and bake in a quick oven. Serve with green peas and a white sauce made of 1-2 cup of Libby's Evaporated Milk and 1-2 cup water, thickened with 2 tablespoons flour and 1-4 teaspoon salt.

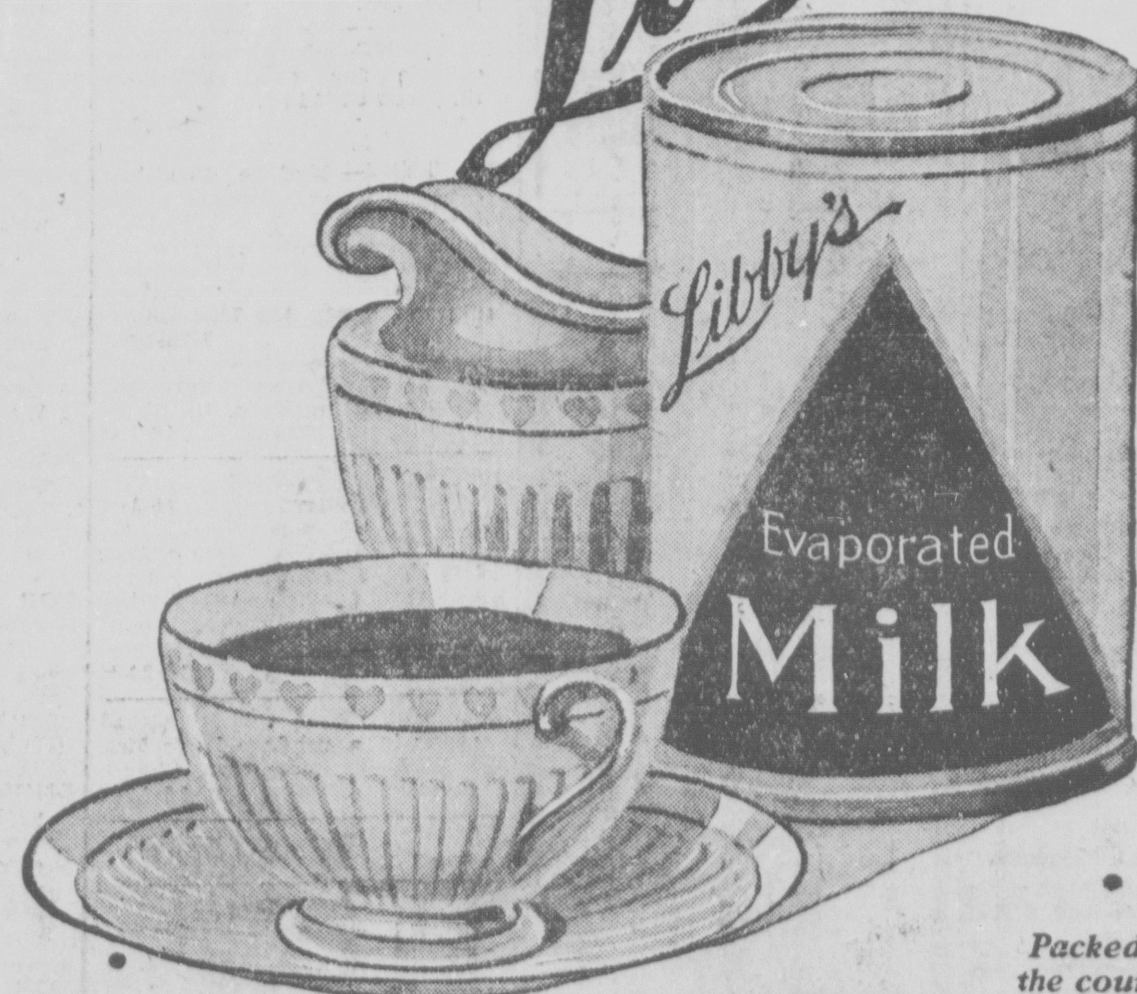

Rich cream pie—it will be your husband's
favorite dessert!

1 cup Libby's Evaporated Milk
1 cup water
1-2 cup sugar
1-4 teaspoon salt
2 tablespoons cornstarch
2 eggs
1 teaspoon vanilla

Mix Libby's Evaporated Milk, water, sugar, salt and cornstarch, boil five minutes. Add yolks of eggs beaten slightly and continue boiling one minute. When cool, add vanilla and beat until light. Put the filling into baked pie crust, cover with meringue made of whites of eggs beaten stiff with 1 tablespoon sugar. Brown in oven.
